COMMUNICATED.

Frankfort, Ky., April, 1901.
Editor Roundabout:

The following appeal has reached me in the form of a circular, and perhaps it has come to others in our community:

"Benefit of State Normal School Library—Our library is small—inadequate for our needs. The funds of the school are so limited as not to admit of ample expenditures for library purposes. Our needs are so urgent that we send out to our friends this request for books which we trust, will receive their favorable consideration. If the readers will sign the pledge below, giving his or her address, and will return it to some member of the Faculty, or to the student or friend who may send it forth, we shall duly appreciate the favor:

"Frankfort, Ky.
"The pledge referred to is as follows:

"I hereby promise to donate, all charges prepaid, at least one book to the Library of State Normal School for Colored Persons, Frankfort, Ky., on or before Monday of the Institution, Friday, April 20, 1901, provided I am reminded of the promise about the time the gift is due."

Recently I have had my interest in this institution much quickened. In a conversation with the President the school was mentioned incidentally, and I made some inquiries concerning it. I was pleased to find him holding such correct notions as to the mission of the school, and to find him laboring so earnestly and intelligently for the accomplishment of that mission for the welfare of his people and for the satisfaction of the white people. He sees quite clearly the condition confronting the two races, and his plans and work will tell toward the righteous adjustment of this condition.

I shall respond to this appeal. I trust many of our people will do so, if they please, as they respond to any missionary cause.

The cultivation of a closer acquaintance with this school, with the character of the work done there, the prominence given to industry and the care taken to instill right ideas of prudence, duties, manners and integrity, will assuredly increase our interest in it.

On this Book Reception Day, April 20th, I am told, a special and suitable program will be rendered in the afternoon, and that Bishop L. W. Burton, of the Episcopal Church, is to speak to the school. Can not some of us make this the occasion of a visit to the school and learn something of it? It is possible that here at our doors is an enterprise that can be strengthened for the good and relief of our homes as well as for the advantage of the colored people.

By a little more interest manifested, therefore, by a little encouragement given, we shall be contributing to the wise and judicious relationship between the races and the peace and happiness of society at large.

I append here a few words uttered by the president of the school a few weeks ago introducing to his faculty and school an eminent white citizen of the State who was to lecture before them. These words are taken from the Normal Advocate, a small publication of the school.

W. S. DEHONEY.

Ladies, Gentlemen, Faculty and Students:

The white people of Kentucky in their attitude towards the negro, have never been hostile or even unkindly disposed. In times of slavery, the mean, cruel, inhuman master was the exception in our State, and to us as free men, proofs quite ample of good will and fellowship have all along been given. Opportunity to earn sustenance, protection before the

law, words of advice and counsel as to business transactions, expressions of encouragement in commendable undertakings have been honestly and freely spoken. And who of us has not been the recipient of favors at their hands? In providing for our ordinary education they grant to us as they appropriate to themselves, and they further tax themselves to afford us the advantages of this, our own State Normal School. Nay more, I know not a church that we have built, or a school-house, or a dwelling that does not record some gift or other kindly consideration at the hand of some white friends. History and Heaven are recording these considerations on the part of the white people of Kentucky, and the inquiry will arise in time, and in eternity, too, as to how we received and profited by them. We must hasten and we must strive that kind offices bestowed upon us be not wasted; that an inquiry will reveal the fact that not only have we been appreciative of all consideration, but improved and profited morally, industrially and mentally to the satisfaction of our benefactors.

The career of the lecturer of the evening is in full accord with the sentiment—the Kentucky sentiment—I have mentioned. That sentiment finds expression in his note to me, when he says "lecturing is not my forte, yet I feel that I ought not to decline." Able and eminent he comes to us to-night rich in information which he will impart, not for a fee, but without money and without price. I take great pleasure in introducing to you the Hon. A. T. Wood, the subject of whose lecture is "Liberty and Law."

MRS. ZEREIDA G. WALLACE
ON EQUAL RIGHTS.

Mrs. Zereida G. Wallace, of Indiana, whose recent death has called out such widespread regret, in her plea in behalf of equal rights for women said:

"I think the animus of this movement for woman's freedom has been largely misunderstood through the idea that it meant competition between women and men. To my thought, it simply means co-operation in the work of the world."

"But, it is objected, women can not fight. This is a mistake. Women can fight. They have led armies, but history is full of instances of women who have fought a braver battle than that fought by any army. But it is in no degree necessary that woman should fight. It is good to have some element in government which does not fight. Such an element will help on the supremacy of spiritual power over brute force, and help usher in the realization of the beautiful vision of Isaiah, when a little child shall lead the forces which will find better work to do than cutting each others throats and blowing out each others brains. Woman's ballot will increase the tendency toward arbitration between nations, and thus hasten the time when they shall learn war no more."

"A gentleman once asked me almost sneeringly 'what have you women ever done for the State that it should give you the ballot?' We were in a parlor with a company, and I did not care to be drawn into a discussion, but he persisted, till at last I said: 'Napoleon realized fully the value of women to the state when he said: 'The great need of France is mothers.' If women do not fight they give to the State all its soldiers. A man who goes down into the valley of the shadow of

death every few years, who gives up her health, her beauty, her means of improvement, her social pleasures, that she may furnish soldiers for the State, certainly does as much for the defense of the State as the father who buys bread and shoes for the children."

"You entrust your dearest interests to woman—you confide to her keeping your honor, your children, the sacred interests of your home, why fear to trust her with the ballot, by which she can serve and defend all these? You call her the queen of the home, and so she is, but without the ballot she is an uncrowned queen, and her scepter but a broken reed. Call this the home of the free. So long as its women are chained with criminals, idiots and paupers it can never be free. Oh my brothers, do not your cheeks burn with shame at the spectacle of what you have reduced your mothers, wives and sisters to? See them coming like suppliants to the polls where questions most vital to the interests of home are being decided by the votes of Tom, Dick and Harry, and Sambo, to whom they offer coffee and cake—it is all they can do—begging them to vote for the protection of your homes. Would not the ballot be as safe in their hands as in those of Tom, Dick and Harry, and could not you count on it as the bulwark of the home? I tell you the time is coming when home, that little stone which political builders have so long rejected, shall become the head of the corner."

210,000,000 BARRELS OF APPLS.

It is an established fact that the United States now holds the record for rapid development of fruit industries, such as the growing of oranges and lemons, peaches and grapes. As a nation we eat more fruit than any other, and grow considerably more than any other, and grow considerably more than we eat. Eighty millions of dollars a year is the figure for strawberries alone. A hundred millions would scarcely cover the value of the grapes marketed. Peaches we raise in astonishing quantities, in orchards containing as many as 800,000 trees, but our banner crop, so far as fruit is concerned, is apples. We have produced as many as 210,000,000 in a single season, and have sold as high as 8,000,000 barrels to England alone. We carry in cold storage every winter any where from 6,000,000 to 10,000,000 barrels of the crop of the season before, in order to secure better prices. Ships weigh anchor in New York three at a time, in a single week, bearing apples to Europe. Indeed, it is one of the greatest industries the country has ever witnessed, and promises to take rank as the chief fruit crop of the world.

Mills county, and indeed all the southwestern section of Iowa, is truly a wonderful apple country, but not much more important than one of a score of regions in various parts of the country which produce apples. In that county alone there are over 900,000 trees, averaging at the lowest ten bushels a tree per annum. One hundred and fifty thousand of these trees are in one orchard. The total output is close on to 8,000,000 barrels, or enough to supply the present American sale to England.

New York has two counties, much smaller than Mills, which even do better than this, and as a State it raises three times as many apples as Iowa. The counties referred to are Niagara and Orleans, in the western tier, which together raise 7,000,000 barrels of the best kind of market apples. All through this area are orchards holding 20,000, 30,000, 40,000 and occasionally 100,000 trees, which in blossoming make the roadside a paradise.

ARIZONA.

Mr. August Thomas' "Arizona" will be the attraction at the Capital Theatre April 15th. "Arizona" has been played in all of the larger cities of the United States, and in every case it has been pronounced one of the greatest plays of this decade. At the Herald Square Theatre in New York this charming comedy drama scored its strongest hit, opening on September 12th and playing continuously to January 5th to the largest houses this popular play house has ever held. Messrs. La Shelle and Hamlin have given to this piece a production which is not equalled by any attraction now traveling. The cast is composed of special artists, who have been selected especially for their adaptability to impersonate minutely the characters they assume.

A carload of scenery, painted by the well known artists, Waller Burridge and Chas. H. Ritter, from sketches made on the spot by Mr. Frederick Remington, accompanies this production, and as the Aravaipa Valley, where the action of the piece is located, is conceded to be as beautiful and interesting a locality as there is in

the country, it is easily seen that a series of passing pictures will greet the eye during its stay in this city.

"My Wife Became Anxious."

There is cause for anxiety when a cough hangs on for a year and can't be shaken off. The quickest way to relieve that anxiety is to begin at once the use of Dr. Pierce's Golden Medical Discovery. It is a cough remedy, but it is also a great deal more. In far advanced stages of disease, when hemorrhages have been frequent, and there have been emaciation and weakness, "Golden Medical Discovery" has produced a perfect cure. It increases the supply of the blood—blood. It cleanses the blood from impurities, and sends a current of rich, new blood to build up the weak places in the body with new life.

The "Discovery" is strictly a temperance medicine, non-alcoholic and non-narcotic.

"For one year I was troubled with a cough," writes Mr. H. E. Curtis, of Sumner, Bremer Co., Iowa. "As I continued to cough during the summer, my wife became anxious, and wrote to Dr. R. V. Pierce for medical advice. It seemed to us that we could not go to a better source for advice, and so it proved, as the 'Golden Medical Discovery,' which was recommended, proved just the medicine to effect a cure. Dr. Pierce and his medicines are 'As good as wheat,' as the farmers used to say."

Bad taste in the mouth is removed by using Dr. Pierce's Pleasant Pellets.

FRANKFORT, APRIL 13, 1901.

DARING FORGER CAUGHT.

On Tuesday last a man went into the store of Mr. John C. Mastin, in this city, and represented that he and his father had bought a farm between Georgetown and Stamping Ground; that there was not a farming implement on the place; and that he wanted to purchase a lot of such things, including a broad tire farm wagon, which Mr. Mastin priced to him at \$81, stating, however, that he did not have the wagon in stock but could order it for him.

The man was in and out several times during the day, and had the total sum of his agreed purchases footed up by Mr. Mastin.

He then left, saying he would come in again and close the trade.

On Wednesday last, the Seelbach Hotel, in Louisville, was called up by telephone and informed that one B. A. Taylor would stop there and the person talking represented that he was Mr. Jno. C. Mastin, of this city, and that if the man presented a check bearing his name to take it as it was all right.

Shortly after the man strolled in and registered as B. A. Taylor, and asked to have a check of Mr. Mastin's for \$385 cashed. Mr. Seelbach told him they would have to take time enough to get the money out of the bank first.

The man then went to the Kentucky Wagon Works (having first telephoned them, representing the one telephoning as Mr. Mastin, and that Taylor would call on them to get some goods which he, Mastin, did not have and that the man was all right). He told the proprietors that he wanted a broad tire wagon and was shown one, which he said suited as to price, etc. He then said he would pay them the cash, and produced a check purporting to be signed by Mr. Mastin for \$385, and asked for the difference in cash.

The proprietors asked him how he came by Mastin's check for so much money? He said that he had his father's check for \$800 and that he had bought goods of Mastin to the sum of \$415, and that Mastin had taken the \$800 check and given him the smaller check to cover the balance.

The parties then told him that it was against their rules to take

checks without knowing both parties to the transaction, but that they would ship the wagon to Mastin and he could pay him. The man also had a letter, written on Mastin's letter heads, recommending him. Taylor then left the wagon works and went back to Seelbach's, where he was arrested, that gentleman having, in the meantime, communicated with the banks here and they with Mastin, finding out that the check and letter were both forgeries.

Rev. M. B. Adams, pastor of the First Baptist Church, baptized thirteen of those who united with the church during the recent revival, on Sunday morning last, and again he baptized twenty-four at the service on Wednesday night.

The total number baptized is 58 and those received by letter 9, a grand total of 67, as the result of this great refreshing from on High. There is one lady to be baptized yet, who was sick.

WILL NOT BE CLOSED.

It is authoritatively announced that the proposed closing of Lock Nos. 1, 2 and 3, on the Kentucky river will be postponed until July 15.

This was accomplished by the protest sent to Capt. Hodges from the business men and shippers of Louisville and other points. The busy season will be over by that time.

PAINFUL ACCIDENT.

Capt. Fred L. Gordon was attempting to spin one of the new fashioned spinning tops in front of the engine house, on Thursday

morning, when the top-string hung on the top and it flew around, the spike hitting him in the face and entering the cheek, just below the cheek-bone, making a painful wound. It took nine stitches to close the wound.

PUBLIC SPEAKING.

Hon. W. M. Likins, Prohibition State Organizer, will deliver an address to the citizens of this city at the courthouse on Wednesday evening next, April 17, at 7:30 o'clock.

Everybody invited, especially the ladies. No charge for admission.

INSANE.

George Long, colored, who was confined in the asylum for insane some years ago, and was thought to have been entirely cured, became violently insane again on Wednesday night, and his friends were compelled to take him to jail about 4 o'clock on Thursday morning.

You will waste time if you try to cure indigestion or dyspepsia by starving yourself. That only makes it worse when you do eat heartily. You always need plenty of good food properly digested. Kodol Dyspepsia Cure is the result of years of scientific research for something that would digest not only some elements of food but every kind. And it is the one remedy that will do it. South & Longmoor and W. McKee Hardie.

RESIGNED.

Hon. Geo. M. Thomas, Solicitor General of Internal Revenue, has resigned his position. It is stated that his son-in-law, Hon. Sam. J. Pugh, Ex-Congressman from the 9th District, will be appointed to fill the vacancy thus created.

Dr. Wallace has opened a Private Hospital at Frankfort, Ky., for the treatment of Chronic Diseases. Physicians in this and adjoining counties having cases requiring operations or such treatment as they have not the time or facilities for giving, can send them to this institution. We congratulate the management upon their enterprise.

Cure, so far as it goes. Full cure is getting the fat, you need from usual food, and Scott's Emulsion will help you to that.

If you have not tried it, send for free sample. Its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 109-115 Pearl Street, New York. See and feel all druggists.

INCENDIARY FIRE AND BURGLARY.

At 1:15 a. m. of Saturday an

alarm from box 27 called the fire boys to the saloon of Moore Bros., on Broadway, between St. Clair and Washington. When the firemen broke open the front door of the room to get at the fire they found the shed room in the rear on fire and the back door standing open, the bar fastening it having been taken down.

It took only about half an hour to put out the fire, and about \$200 damage was done.

Mr. Moore found the cash drawer had been rifled of its contents, which was about \$7.

It is thought that a sneak thief concealed himself in the saloon until after it was closed, and then rifled the cash drawer and set fire to the room in order to hide the theft.

TRUE AS GOSPEL.

Boys with hats on the back of their heads and long hair hanging down their foreheads, and cigarettes and snuff stories in their mouths, are cheaper than old worn out horses. Nobody wants them at any price. Men will not employ them and girls will not marry them. They are not worth their keeping to any body, and they will not keep themselves. BRYANT STATION.

Sunday last was Easter. Of course eggs fried and eggs boiled and of all colors were flying in our direction.

Mr. Thornton Sudduth is having his house painted. Mr. Scott Moore is the contractor.

Miss Willie Mitchell entertained quite a number of young folks Saturday night, in honor of her cousin, Miss Ida Mitchell, of Woodford county.

Miss Etta Allison has been too ill to attend school for several days, but we are glad to report her much better at present.

Mr. J. A. Bell, formerly of Hutton, but now of Louisville, better known as Uncle Zeke Yocum, spent several days in our community last week.

Mrs. Ann Stigers, who has been quite ill for sometime, is improving at this writing.

Rev. H. M. Polsgrove, pastor of Mt. Zion Church, has tendered his resignation and gone to labor in other fields. Rev. T. M. Rummans, of Lewis county, will fill the vacancy.

Mr. Elbert Goins is preparing ground just in front of the station for a crop of tobacco. Elbert is one of our cleverest young men. So here's to you, old boy.

Mr. Geo. Moore, of Eminence, came up Saturday to spend Easter with his best girl. So I suppose you colored him an egg, did you not, Clarie?

A Sunday-school was organized at Benson Sunday morning, Mr. Jas. Martin Superintendent.

Miss Mattie Young, of Eminence, spent Saturday and Sunday with her cousin, Miss Mary Young.

Well, Arch, it was too bad for you to meet with such a misfortune as you did Sunday night. But, remember that forbidden fruit is always tempting, and abstinence makes the heart grow fonder.

So the telephone company decided not to run a line to Honey-suckle and thought it could best keep up with the news by locating at Bryanttown. So here I am, with malice to none and charity to all. MOLLY YOCUM.

INDIGESTION

If you have it, you know it. You know all about the heavy feeling in the stomach, the formation of gas, the nausea, sick headache, and general weakness of the whole body.

You can't have it a week without your blood being impure and your nerves all exhausted. There's just one remedy for you—

Ayer's Sarsaparilla

There's nothing new about it. Your grandparents took it. 'Twas an old Sarsaparilla before other sarsaparillas were known. It made the word "Sarsaparilla" famous over the whole world.

There's no other sarsaparilla like it. In age and power to cure it's "The leader of them all."

31.00 a bottle. All druggists. Ayer's Pills cure constipation. "After suffering terribly I was induced to try your Sarsaparilla. I took three bottles and now feel like a new man. I would advise all my fellow creatures to try this medicine, for it has stood the test of time and its curative power cannot be excelled." L. D. Brown, Va. Jan. 30, 1890.

Write the Doctor. If you have any complaint whatever and desire the best medical advice, send your name and address to the Doctor. You will receive a prompt reply. Dr. J. C. Ayer, Lowell, Mass.

A GENTLE HINT

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle from John W. R. Williams & Co., Frankfort, Ky. Regular size, 75c. Get Green's Prize Almanac, 31-ly.

STRANGE.

Col. Jack Chinn in his evidence in the Ripley case, stated that there were 300 or 400 men in the State house yard, armed with Winchester, when Senator Goebel was shot. Every other witness has stated that there were not over 15 or 20 people in the yard, a number far smaller than was usually the case up to that morning.

A strange discrepancy.

GEN. THOS. H. TAYLOR DEAD.

The sad news was received in this city yesterday that Gen. Thos. H. Taylor died that morning at his home in Louisville at 4:35 o'clock. We will publish a sketch of his life in our next issue.

The funeral will take place from the 4:35 p. m. train to-day, with enternment in the family lot in our cemetery.

Y. M. C. A. NOTES.

Rev. R. L. McCready will deliver an address to men at the Young Men's Christian Association rooms to-morrow afternoon at 8:30 o'clock.

The gymnasium classes are keeping up with increased attendance. New members are coming in and all are having the advantage of physical work.

The social committee is planning something special in the way of an entertainment in the near future. Watch for announcements.

The Men's Bible Study Club conducted by Rev. M. B. Adams, is proving of great interest. Any man is welcome to join this club.

Mr. Adams is making it especially helpful and interesting.

THE BEST REMEDY FOR RHEUMATISM.

Quick Relief From Pain.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have, since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by J. W. Gayle.

RIPLEY TRIAL.

The trial of Capt. Garnett D. Ripley, accused of complicity in the murder of Senator Goebel, was commenced in the circuit court on Tuesday.

A jury composed of the following persons were selected, viz: C. W. McQueen, Jeff M. Minor, W. A. Moore, W. D. McChesney, Ira Armstrong, John Polsgrove, A. W. Leitch, J. W. Crutcher, John

Currens, J. A. McEwan, J. A. Glass, P. H. Stockton.

The taking of testimony was commenced on Wednesday.

The greater part of the evidence was simply as to the fact of the killing of Goebel as had been given in the other trials.

It was proven by Gen. Murray that Capt. Ripley was authorized to raise his company January 24, organized January 27, and mustered in the same day.

Governor Bradley and Judge Yost testified that Capt. Ripley had told them in May that he had talked with Gov. Taylor in January, Taylor urging Ripley to have his company ready, as he anticipated trouble, and that Goebel would not live twenty-four hours thereafter.

Another witness testified that Ripley said, in Henry county, in January, that Goebel ought to have been killed when he murdered John Sanford.

There was much irrelevant testimony and nothing to show any connection of Capt. Ripley with the conspiracy up to the hour we write.

It is likely that the evidence will be pretty much in this week.

One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic, and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by J. W. Gayle.

PAINS IN THE BACK. A. B. Farrington, Constania, N. Y., says: "I was troubled several years with kidney disease, adjoining counties having cases and suffering severe pains in the back. I used Foley's Kidney Cure, and one bottle cured me. I recommend it to my friends. It has given perfect satisfaction. Take no substitute. South & Lougmoor and W. McKee Hardie."

Mr. Nannie Stigers and Mrs. B. A. Bristow celebrated their birthdays at the hospitable home of Mrs. Stigers, on Wednesday last, April 10. Mrs. Bristow was 64 and Mrs. Stigers 45 years of age.

There were a number of friends of both of these splendid women present to do honor to them. The dinner was splendid, and consisted of all the substantial and delicacies of the season, including turkey and, and wound up with cake and ice cream.

These ladies made all their guests feel at home, and they departed wishing them many happy returns of the auspicious occasion.

"I have been troubled with indigestion for ten years, have tried many things and spent much money to no purpose until I tried Kodol Dyspepsia Cure. I have taken two bottles and gotten more relief from them than all other medicines taken. I feel more like a boy than I have felt in twenty years."—Anderson Riggs of Sunny Lane, Texas. Thousands have testified as did Mr. Riggs. South & Longmoor and W. McKee Hardie.

EASTER SUNDAY.

Last Sunday was Easter Sunday, and was about the bluest, rawest and most uncomfortable Easter we have ever experienced.

While there was only a slight shower of rain during the day (and that between 8 and 4 o'clock in the afternoon) the heavy rain of Saturday and Sunday night had left things wet and sloppy, and a cold wind added to the discomfort of the day.

While there were large crowds in attendance upon most, if not all, the churches, there were but few who ventured to don the new Easter costumes, and the few that did so looked chilly and uncomfortable.

Spring coughs are specially dangerous and unless cured at once serious results often follow. One Minute Cough Cure acts like magic. It is not a common mixture but is a high grade remedy. South & Longmoor and W. McKee Hardie.

CONFEDERATE VETERANS MEETING.

The annual meeting of the Confederate Veterans Association was held at Lexington Saturday. Rev. H. H. Sneed, of Georgetown, opened the meeting with prayer. Dr. John A. Lewis and Col. A. H. Sinclair were appointed on the Committee to examine the constitution and by-laws with a view to seeing if any changes were needed for the benefit of the organization. In response to a call Dr. Lewis made some brief remarks. The Herald says: "Dr. Lewis is always an attractive and impressive speaker, and his speech, though brief, was full of feeling and was eloquent."

Those famous little pills, Dr. Witt's Little Early Risers will remove all impurities from your system, cleanse your bowels, make them regular. South & Longmoor and W. McKee Hardie.

SMALL FIRE.

An alarm, on Monday afternoon, at 5:40 o'clock, called the fire boys to the grocery store and residence of Mr. Thos. Brightwell, on Arlington Heights. A stove pipe fell and started a small blaze, which was soon extinguished, with only nominal damages.

"Last winter I was confined to my bed with a very bad cold on the lungs. Nothing gave me relief. Finally my wife bought a bottle of One Minute Cough Cure that effected a speedy cure. I can not speak too highly of that excellent remedy."—Mr. T. K. Houseman, Manatwney, Pa.
